You

wht is DBMS

CampusAI

You are Student One, Third Year in Information Technology. Your profile contains 6 skills.

You

t

CampusAI

I'm not sure what you mean by 't'. Try rephrasing it, or ask me to explain a topic, suggest a study path, check your skills or academics, or find matching opportunities.

You

What are the best career options for IT students

CampusAI

Common options include software development, data science, cybersecurity, cloud computing, AI/ML, web development, and database administration.

You

wh is dbMS

CampusAI

NLP stands for Natural Language Processing. It enables computers to understand and process human language.

You

"Can the system personalize recommendations?",

CampusAI

Yes. Recommendations can be based on your skills, interests, education, and career preferences.

You

Why is intent classification needed?

CampusAI

It helps the chatbot select the appropriate response or functionality for the user's request.

You

what is DBMS

CampusAI

A useful DBMS and SQL learning order is: relational concepts, keys, constraints, SELECT, WHERE, ORDER BY, GROUP BY, aggregate functions, joins, subqueries, normalization, indexes, transactions, concurrency control, and recovery. Practice by querying related tables and checking that joins do not unintentionally duplicate rows.
